

The Biotech & Pharma Association at Rutgers & UMDNJ & Association of Women in Science – Central Jersey Chapter

Presents

Success in Today's Economy: Perspectives from Leaders in the Biopharma Industry

Panel Discussion and Networking Event

Date: Wednesday, April 29, 2009

Time: 6:00 PM

Location: Robert Wood Johnson Medical School (UMDNJ Campus),
Dean's Conference Room (Rm-123)
[675 Hoes Lane West, Piscataway, NJ 08854]

Dinner and refreshments will be served. All are welcome to attend.

Panelists will include:

Ildiko Antal, Ph.D.
Wyeth Research
Associate Director - Neuroscience Drug Discovery

Joanne Gere
The BioScience Collaborative
CoFounder

Joleen T. White, Ph.D.
Bristol-Myers Squibb Research Institute
Senior Research Investigator

Nancy E. Rawson, Ph.D., C.N.S.
WellGen, Inc.
Chief Scientific Officer

You are invited to join us for an expert panel discussion that will address leveraging your degree for success in today's economy, career path(s) for non-academic track, the roles of advanced degree holders in different sectors of industry, the current state of the biotech and pharma industries, and perspectives on the future. This is also an opportunity to network with, and gain first-hand insight from, established leaders in the Biotech and Pharma industries.
